WELCOME WORDS TO WOMEN.

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive fr. e the advice of a physician of over forty years' experience—a skilled and successful specialist in the diseases of women. Every letter has the most careful consideration and is regarded as *sacredly* confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment cures in the privacy of your home. His "Favorite Prescription" has cured hundreds of thousands of bad cases. It is the only medicine of its kind that is the product of a regularly graduated physician. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to Dr. R. V. Pierce, Buffalo, N. Y., —take his advice and be well.

Mrs. R. D. Monfort, of Lebanon, Warren Co., O., writes: "I have received the 'Medical Adviser.' A crisp, new five dollar bill could not tempt me to part with it."

On receipt of 21 one-cent stamps, to pay cost of mailing *only*, we will send to any address a paper-bound copy of Dr. Pierce's great 1000-page book, "The Common Sense Medical Adviser." Or, for 31 stamps the same in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

The Original LITTLE LIVER PILLS, first put up by old Dr. R. V. Pierce over 40 years ago. **Much imitated, but never equaled.** Little pill, Little dose, but give great results in a curative way in all derangements of Stomach, Liver and Bowels.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit Mich.

E. S. Leadbeater & Sons, Special Agents.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U. S. A.

Chicago Labor Trust ?

The greatest labor scandal Chicago has ever known, according to State's Attorney Healy, is to follow the disclosures made yesterday before a grand jury by John C. Driscoll, formerly secretary of the Associated Building Trades Council and the Coal Team Owners' Association. Driscoll revealed the history of the dealings between employers and union-labor leaders, particularly that branch of union labor represented by the Chicago Teamster's Union. State's Attorney Healy said:

"More serious offenses have been committed than bribery and conspiracy, and the evidence presented to the jury has been of an extremely startling character. It is important and will lead to surprising suits. The names mentioned by the witnesses are those of prominent men on both sides. If I thought there would be no results from this investigation I would call a halt immediately. I believe the present line of inquiry will occupy the attention of the jury for the rest of this week and a portion of next week, but if necessary all the docket cases will be sidetracked because of the great importance I attach to the results of the present inquiry."

Driscoll told how the coal teamsters and coal team owners had made a trade agreement which provided that the owners should employ only members of the Coal Teamsters' Union and that the members of the union should work for no employer not a member of the Coal Team Owners' Association. The effect of this arrangement, the witness declared, was to force every coal wagon owner into the Coal Team Owners' Association and every coal-wagon driver into the teamsters' union. The owners behind this provision increased the cartage rates of coal from 30 cents to 50 cents a ton for short hauls and to as high as $1 a ton for long hauls.

France and Germany.

Much uneasiness prevails in official quarters in Paris concerning the Franco-German situation growing out of the Moroccan question and the continued Cabinet crisis resulting from M. Delcasse's retirement from the Foreign Office. Although the conferences between Premier Rouvier and Prince Radolin, the German ambassador, continued, they have not yet brought the satisfactory results that the officials anticipated.

Private advices from Berlin say Germany does not object to a direct understanding with France, but does not abandon the project of an international conference on Morocco, insisting that the Paris-Berlin agreement be a simple formality and that the conference be left free to decide important issues. The government feeling there is decidedly pessimistic concerning the negotiations.

The question of M. Delcasse's permanent successor also remains unsettled. M. Rouvier continues ad interim minister of foreign affairs, but he has not determined whether to continue to hold the portifolio of foreign affairs or that of finance.

The Bourse yesterday showed marked sensitiveness concerning the ministerial uncertainty, rentes falling on heavy offers.

Austria-Hungary and Italy have notified the Moorish government that they are prepared to accept the Sultan's invitation to an international conference on Morocco, provided the invitation is accepted by the powers immediately concerned.

Japanese Terms for Peace.

The opinion prevailing in Vienna is that the peace negotiations between Russia and Japan will eventually prove successful. This is based primarily on the belief that Japan will meet Russia more than halfway, making unexpectedly reasonable demands. Certain intimations have been received there that Japan's terms are substantially as follows:

First—The recognition of the Japanese protectorate over Korea.

Second—The return of Manchuria to China.

Third—International control of the Eastern Chinese Railroad.

Fourth—Regarding Port Arthur, the strategical value of this fortress has been overestimated, and it is said that its ultimate disposal will not give rise to any controversy.

Fifth—It is not thought that Japan will demand the demolition of the fortifications at Vladivostok.

Sixth—The surrender of the island of Sakhalia will not be demanded by Japan principally because Japan has not yet carried the war into Russian territory.

Seventh—An understanding regarding an indemnity is not impossible, because, it is declared, Japan will content herself with demanding the cost of the war.

The Japanese minister at Vienna in an interview said that if Russia honestly desired peace she could have st.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption Coughs and Colds, which entirely cured my cough, and saved me from consumption." A grand cure for diseased conditions of Throat and Lungs. At E. S. Leadbeater & Sons, druggists; price 50c and $1.00, guaranteed. Trial bottle free.

WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL

It Helps Women to Win and Hold Men's Admiration, Respect and Love

Woman's greatest gift is the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than mere regularity of feature.

Mrs. Chas. F. Brown

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. At the first indication of ill-health, painful or irregular menstruation, headache or backache, secure Lydia E. Pinkham's Vegetable Compound and begin its use.

Mrs. Chas. F. Brown, Vice-President Mothers' Club, 21 Cedar Terrace, Hot Springs, Ark., writes:

Dear Mrs. Pinkham:—

"For nine years I dragged through a miserable existence, suffering with inflammation and falling of the womb, and worn out with pain and weariness. I one day noticed a statement by a woman suffering as I was, but who had been cured by Lydia E. Pinkham's Vegetable Compound, and I determined to try it. At the end of three months I was a different woman. Every one remarked about it, and my husband fell in love with me all over again. Lydia E. Pinkham's Vegetable Compound built up my entire system, cured the womb trouble, and I felt like a new woman. I am sure it will make every suffering woman strong, well and happy, as it has me."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Stilettos Under Pillow.

Philip St. Maria was arraigned before Magistrate Elsenbrown, at the Central Police Station in Philadelphia yesterday afternoon and held under $300 bail for each offense for court. The complainant was his wife, who charged her husband with assault and battery and non-support. At the hearing a tale of a romantic courtship was told. Last November St. Maria was introduced to his present wife by relatives through a long distance correspondence between Italy and America. After the introduction photographs were exchanged and on the strength of these they became engaged. The girl came to this country last January, when they were married. Mrs. St. Maria alleged that her husband deserted her three weeks after the wedding, after striking her. In his own defense St. Maria declared that his wife always slept with three stilettos under her pillow and that this made him so nervous that he could not live with her.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay, of Fort William, Ontario, Canada, who was suffering quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by Gibson & Timberman and W. F. Creighton & Co.

When you take Kodol Dyspepsia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properities to the blood and tissues. This builds up and strengthens the entire system Kodol cures Indigestion, Dyspepsia, Belching, Sour Stomach, Weak Heart, etc. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick.

TO THE OWNERS OF DOGS.

Mayor's Office,
Alexandria, Va., June 1, 1905.

All persons owning or intending to keep any animal of the dog or canine species must come forward on or before
JUNE FIFTEENTH, 1905,
and take out a license for the same from the Auditor. After the NINETEENTH OF JUNE all persons owning or harboring dogs without the required license can be fined (as the laws on the subject require) $5 for every dog so owned or harbored.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and the policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

☞ In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, &c., on a card or paper when making application for their licenses to the Auditor. FRED. J. PAFF, Mayor.

License and Tag, $1.50.

AND VIRGINIA ADVERTISER

FRIDAY EVENING, JUNE 16, 1905.

THE REPORT of the grand jury to the Corporation Court last night concerning the present status of the Alexandria police force is a sad commentary upon this city, and a matter to be regretted. Still if such a state of things exists among a body of men sworn to execute laws and paid by the tax-payers for this purpose, the community will naturally look to those who elect the members of the force and who are supposed to have them in charge for a new order of things. This matter has been festering lo these many years, and the citizens have listened to inuendoes and often specific charges until the heart has grown sick, and hopes that the troubles would finally cease are as far from fruition as ever. The charges formulated by the grand jury are sweeping and have been published to the world, and the matter is now up to the Police Board. While most of the community may shrink at drastic measures and while but few are desiring the scalp of any member of the force, the fact remains that the board is confronted by a serious duty, however disagreeable it may be. Police muddles have been a wart upon the body politic ever since Alexandria attempted to imitate the example of other cities by changing her charter. Formerly policemen were elected biyearly by a joint session of the City Council. Persons elected policemen, aware of the fact that their tenure upon these positions lasted but two years, were in a measure careful and endeavored to perform their duty, fearing failure of re-election. It is not so now. Men are chosen virtually for life, and the charge so often made that some take advantage of this fact is hard to refute. The charges and countercharges made by members of the force who appeared before the grand jury this week strengthened the belief in many allegations which had been previously made. The people of this city have been long-suffering, and for the past decade have indulged the hope that police embroglios would eventually be laid low. Their dreams have not materialized, and, now that the Judge of the Court, the Commonwealth's Attorney and the grand jury have acted well their parts, it is time the force was showing a disposition to vie with these officials in bring offenders to justice. Should they fail to do so, as is suggested above, it is up to the Police Commissioners who are in a position to bring about the desired change.

A BAD FEATURE of the primary election plan as recently imported into Virginia is shown by the action of the democratic committee in Richmond last night. Under the plan assessments were made as follows:

Each candidate for senator $1,500; each candidate for Governor, $1,500; for Lieutenant-Governor, $100; for Attorney-General $500; for treasurer, $300; for Secretary of the Commonwealth, $200 for Commissioner of Agriculture and Superintendent of Public Instruction $200 each.

The tax upon the candidates, who will also have to pay their own heavy expenses of traveling from county to county throughout the State while they are making their canvass, will be burdensome to most of them, to say the least, and will have the effect of keeping many men of ordinary means, but of brilliant intellect, from offering themselves to serve their State. The demagogues got up the plan on the plea of "fair election," but in truth it is intended to arrange election matters in the State so that only those who can pay the price can hold office. It is but natural to suppose that those who pay more to secure an office than the salary attached thereto will be strongly tempted to recoup when an opportunity presents itself.

IN HIS speech at Oxford, Ohio, yesterday before the students of Miami University, Secretary Taft made these observations:

Indiscriminate enforcement of Chinese exclusion has subjected merchants and students to contumely, insult, arrest and discomfort.

Criminal laws are maladministered, especially in regard to homicide; increase of lynching due to immunity of culprits; right of appeal extended too far.

Poor men are deprived of the chance and desire for public office; millionaires only can govern us.

These are matters which the people should deeply study and correct the evils before they have gone too far.

THE CITY COUNCIL at its last meeting made a liberal appropriation for fitting up the station house with retiring rooms, porcelain bathtubs, lockers, etc., for the convenience and comfort of the police force whose services some of the Councilmen extolled. But last night the grand jury returned a severe presentment against the police force, charging general inefficiency and recommending an absolute reorganization, stating "that nothing satisfactory can be brought from the present chaotic organization." Now, possibly, when the lavatories are put in operation the force may emerge from its present besmirched condition whiter than snow.

THE GERMAN government refuses to allow any life insurance company which holds stocks among its assets to do business, and one of the great American life insurance companies sold its stocks and hold only bonds in order to qualify itself to do business in Germany. Recent disclosures will go far to confirm the soundness of the position of the Berlin authorities. It might be an excellent thing, suggests the Philadelphia Record, to prohibit any life insurance company from owning shares of stock. Such a prohibition would go far to divorce the life insurance business from Wall street.

THE FAILURE of the government to prosecute trusts and railroads charged with violating the law has caused a great deal of gossip, and some suspicion that the delay is for fear that some men "higher up" may be involved when the probe is introduced.

Washington, D. C., June 16.

Although the initial and the closing meetings of the Russo-Japanese Peace Commission will be held in Washington, the active deliberations of that body will oe conducted probably at Newport, R. I. Inasmuch, however, as the signing of the convention will take place in the capital of the United States, the document will be known in history, actually as well as theoretically, the Treaty of Washington. The commission will hardly get together here before August. The plenipotentiaries are yet to be named. Many details will have to be worked out preliminary to the meeting. It will require a month for the Japanese representatives to reach Washington. There will be a number of social functions, chief among which will be a state dinner at the White House. The Russian Ambassador and the Japanese minister will give elaborate entertainments in honor of their respective plenipotentiaries. Having been well dined and wined and having laid the groundwork for their negotiations, the commissioners will then proceed as has been provided to "some summer resort in the North," where they will get down to serious business. A squadron of warships will take the commissioners to their new meeting place. They will probably embark at Annapolis, the nearest point to Washington that can accommodate war vessels of a size comportable with the dignity of such an important body. Before departing from Washington on their return home the plenipotentiaries will again be entertained at the White House and by the Russian Embassy and the Japanese Legation. The opening and closing sessions of the commission will probably be held in the diplomatic room of the State Department. It is presumed that Marquis Ito, as the head of the Japanese peace commission, will preside over the conferences.

Gen. O. H. Ernst, the chairman of the United States delegation on the International Waterways Commission, returned here today from Toronto where the commission was in session Wednesday. All the members of both the Canadian and American delegations were present and Gen. Ernst says that a good start was made in arranging the preliminaries for the work of the commission. It was decided to begin the preparation of data regarding the principal problem before the commission; namely, the regulation of the water level of Lake Erie especially with reference to its effect on the St. Lawrence river, the use of the waters at Niagara, etc. Similar data will also be got together with regard to regulating the use of the water at Sault Ste. Marie. The next meeting of the commission will be held on July 7th, in Ottawa, when the occasion will be taken by the American Commissioners to pay their respects to the officers of the Canadian government. Later American headquarters will be established at Buffalo and similar opportunities will be given for popular representations from communities on this side of the border.

John Eisenring, the French tinsmith who was reported as having been taken down with yellow fever at Panama in the list made public yesterday, is dead. This makes five deaths from the disease this month. Gov. Magoon, in reporting the occurrence this morning, announces three additional cases. This makes thirty-four cases on the isthmus since the beginning of the month.

Captain George W. Kirkman, 25th Infantry, who was twice tried by court martial at Fort Niobrara, Nebraska, during the early part of this year and sentenced to dismissal from the army and a total confinement of three years in military prison, must submit to the findings of the court. President Roosevelt today approved the sentences awarded. Capt. Kirkman will serve his confinement at hard labor in the United States penitentiary at Fort Leavenworth, Kansas. Capt. Kirkman's infatuation for Mrs. Louis B. Chandler, wife of Lieutenant Chandler, of Kirkman's regiment, was the indirect cause of his court martial. Chandler was instrumental in bringing the charges, based on Kirkman's elopement with Mrs. Chandler to New York, where they separated and Mrs. Chandler was obliged to make her way back to Nebraska as best she could. During Kirkman's confinement at Fort Niobrara during his second trial, Mrs. Chandler committed suicide at a hotel in Omaha.

Major General G. L. Gilleipie, assistant chief of the general staff, will be retired at his own request tomorrow. Brigadier General George M. Randall, who sailed yesterday from the Philippines, where we has been commanding the department of Luzon, will be advanced to the rank of Major General. He will succeed Major General John C. Bates in command of the department of the north, General Bates becoming assistant chief of staff to fill the vacancy caused by General Gillespie's retirement.

The situation growing out of the Moroccan affair, has developed until it has assumed a most threatening aspect. News from Paris is to the effect that both the French army and navy are being rapidly prepared for general mobilization. Officers are being summoned back to their regiments and ships, and feverish activity prevails at the War Office and Admiralty. While the questions are still under diplomatic discussions which is reported to be taking a favorable turn, fear of dangerous complications is not yet over and there is a possibility of war between France and Germany.

Orders have been sent to Rear Admiral Sigabee to get ready to go to sea with his squadron which is to proceed to France and escort back the remains of Admiral John Paul Jones. It is understood that the squadron will set sail early next week. The vessels composing the squadron are the Brooklyn, the Chattanooga, the Galveston, and the Tacoma.

In response to the criticism of Brigadier General Story, chief of artillery, that the artillery organization of the United States army is weak because it has no tactical formation larger than a battery, the War Department has decided to organize two provisional field artillery regiments for practice. The first will be under the command of Lieut. Col. Sydney W. Taylor, and will assemble at Fort Riley, Kas., August 1. It will consist of three provisional battalions composed of the 7th and 20th batteries under Major Granger Adams, the 6th and 19th batteries under Major William H. Coffin, and the 25th and 29th batteries under Major Henry M. Andrews. The second provisional regiment will be under the command of Colonel Walter Howe, at Fort Sill, Okla., and will consist of two provisional battalions, the first being composed of the 2nd, 15th and 13th batteries under Major Lotus Niles, and the second of the 14th, 21st and 8th batteries under Major Warren P. Newcomb.

The Treasury Department yesterday issued a warrant for $583 in favor of President Roosevelt, which represents the two month's extra pay allowed to officers in the Spanish war under an act passed by Congress in 1899.

Messrs. Davis & Davis, Washington patent attorneys, report the grant, this week, to citizens of this state, of the following patents: James O. Mitchell, of Stuarts Draft, for a hand operated gate; Robert Flanagan, of Charlottesville, for a machine for sewing leather.

Robert Greenhow, colored, aged 10 years, who was bitten by a mad dog last February, died at his parent's home, in Stafford county, Wednesday night, of hydrophobia. Several other children were bitten at the same time. They will be sent to Baltimore for examination with a view to sending them to a Pasteur institute.

The question as to the liability of a father to provide for an infant son after the wife had taken the child away was decided by Judge Thomas W. Harrison in Winchester yesterday in an opinion handed down in the case of Oberlin vs. Oberliu. The court held that Oberlin is obliged to support the child, although the infant is with its mother.

Gov. Montague yesterday, at Whaleyville, delivered a campaign address to less than eighty persons, counting women and children. The audience was particularly disappointing to his local managers, as Whaleyville was supposed to be one of his strongholds, and the meeting had been well advertised. The Governor yesterday addressed a large audience at Suffolk.

The "Loyalists" faction of the Junior Order of American Mechanics has been defeated by the "Insurgent" faction. An opinion was handed down by the Court of Appeals yesterday at Wytheville, affirming the decision of the Chancery Court of Richmond recognizing the "Insurgent" branch of the order, chartered by the general assembly, as the one entitled to all the rights and benefits of the order in this State.

At 4 o'clock Wednesday afternoon at Leeds Episcopal Church, near Markham, occurred the marriage of Miss Adelaide Taylor Marshall, of Fauquier county, and Henry Carrington Coles, of Chatham. Rev. P. D. Thompson, rector of the church, performed the ceremony. The bride's gown was of handsome lace over white silk. She entered the church on the arm of her father, Mr. James M. Marshall, and was met at the altar by the groom, accompanied by his brother, Thomas J. Coles, of Eastville.

An attack in force was made on Fort Monroe last night by Admiral Dickins' fleet. Practically the entire fighting strength of his fleet was employed. His battle formation was the same as that at Forts Washington and Hunt, the torpedo-boat destroyers in the lead, the monitors next, then the Texas, cruisers, and gunboats. The general action began shortly after 11 o'clock, and at once assumed a close range contest, which contained all that could be desired of the spectacular and picturesque.

The Court of Appeals yesterday reversed the decision of Judge Mullen, of the State Circuit Court at Petersburg, which appointed a receiver for the Gould electric railway and lighting property on the application of George Fisher. Fisher has been fighting Frank Gould for the control of these properties for some time. The decision today leaves the properties in the hands of the receivers appointed by the United States Court on the counter petition of the Goulds.

CONFEDERATE VETERANS.

At Louisville, Ky., yesterday, Gen. Stephen D. Lee was unanimously re-elected commander-in-chief of the United Confederate Veterans. The other officers were also re-elected. The next convention will be held in New Orleans.

The report of the Battle Abbey committee, of which General Evans is chairman, was read. It shows that the committee now has in subscriptions and money, including the Charles Broadway Rouss subscription, $206,000, subject to a claim in suit for $16,000 by John C. Underwood for commissions, and in which an appeal has been taken. The trustees will attempt to raise a further fund of $50,000. The Battle Abbey will be built in Richmond, Va.

The report of the Jefferson Davis Monument Association of the United Daughters of the Confederacy showed that the committee now has in bank for the purpose of erecting the monument $69,000 and that the contract has been signed for unveiling of the work in Richmond on June 3, 1907.

Alarm is felt by the officers of the United Sons of Confederale Veterans over the lack of interest in the organization. Not a committee even sent in a report yesterday at the annual meeting. Few Sons of Confederates were present, and the opinion was expressed by the Commander-in-Chief, N. R. Tisdai, that the organization failed to do its duty.

The United Sons of Confederate Veterans yesterday elected the following officers:

Thomas M. Owen, of Montgomery, Ala., commander-in-chief; G. Leslie Spence, of Richmond, Va., commander of Department of Virginia; R. E. Lee Bynum, of Jackson, Tenn., commander of the Department of Tennessee; I. J. Stockett, of Tyler, Texas, commander of the Trans-Mississippi Department; Will T. Sheehan, of Montgomery, Ala., adjutant-general and chief of staff.

A majority of the camps of the organization are in arrears for dues, and the question of their suspension was called up, but no action was taken.

The University.

At the closing exercises of the eighty-first session of University of Virginia, Wednesday night, President Alderman stated that the following amounts had been contributed to the Jefferson Memorial endowment fund since April 13 last: $5,000 by Charles R. Crane, of Chicago; $1,000 by Charles J. Peabody, of New York; $1,000 by Morris K. Jesup, of New York; $1,000 by Edward S. Alexander, of Louisville, Ky.; $2,500 by W. H. Fitzhugh, of Memphis, Tenn. This brings the total contributions up to $725,000.

Today's Telegraphic News

Excitement in New Orleans.

New Orleans, La., June 16.—Dominick O'Malley, owner and editor of the New Orleans Daily Item, was arrested this morning, on a charge of importing thieves into New Orleans and conspiring to assassinate the newly elected chief of police, E. S. Whitaker. Whitaker's election to the head of the police department came about in a revolution of public sentiment. Crime and vice ran rampant. A club was actually found composed of fifty men who lived off earnings of women imported for immoral purposes. O'Malley served a term in the workhouse at Cleveland, Ohio, from June 30, 1875 to June 22nd, 1877, for petit larceny. Soon afterwards he came to this city and was identified as a private detective and afterwards as a jury "fixer." March 5, 1881, the grand jury, then in session here, brought in a long indictment showing he was one of the instigators of the assassination of the then chief of police, Hennessey. A riot followed and twelve men were hanged by a mob of citizens. The grand jury in reporting on this riot, said it was impossible to indict any individuals for participating, as the whole city was interested, and let it go at that. O'Malley escaped into the swamps for his life. Then he gradually resumed his old place in the city, and later became the owner of the Daily Item. Last week he came out on the first page or his paper, with a long story sworn to by two alleged reporters, Harry Slocum and Ed. Gerken, who had been employed on the Times-Democrat, and who, O'Malley claimed, were his own detectives. This was afterwards proven a tissue of lies. They told long fictitious stories of a political conspiracy to put Whitaker into office for political purposes, over the head of Journee, former chief of police.

Slocum was afterwards arrested in a brothel and made affidavito of the conspiracy to kill Whitaker, and showed O'Malley had paid him money in the Coume Club if he would be game and stand by O'Malley to the end. "Slocums dark record in Kansas City and Chicago had been printed here. New Orleans is today in a furor of excitement. It is now alleged that O'Malley is at the head of a combination of blackmailers and that his newspaper had been run in the interest of this combination. O'Malley is now in a cell.

Later O'Malley was released on bond.

Royal Arcanum Affairs.

New York, June 16.—Resolutions have been adopted by at least nine Royal Arcanum councils within greater New York, appointing committees to investigate the new rates recently promulgated by the Supreme Council of the order. The Supreme Council representatives in this city, when seen today, declined to make any explanation of the increased rates. District Deputy Grand Regent Sheffield said that it was against the rules of the order to talk of Arcanum business for publication. There have been no notices of the increase sent out yet, he said, and when a council is notified a representative from the Supreme Council will appear before the subordinate council and explain the new system satisfaction. A proposition for new order to be known as the "American Arcanum," was put forward at a meeting of Fulton Council, in Brooklyn last night. A resolution was also adopted unanimously to compel the Supreme Council of the Royal Arcanum to convene a special meeting and rescind the order for higher rates. If this action is not taken, or, an alternative, if the members do not resign, the resolution provides that the fight be taken at once into the State courts. Charges were openly made that lobbying with a fund of $500,000 supplied by one of the three large life insurance companies had brought about the order from the Supreme Council for higher rates. Whenever the name of Grand Regent Wiggins was mentioned, it was hissed and jeered.

China's Claim.

Pekin, China, June 16.—The Chinese government is urging the great powers to support her in an endeavor to secure from the belligerent nations a definite understanding that she is to be compensated for the losses of life and property which have been inflicted on Chinese subjects in Manchuria, during the fighting which has been in progress there. China declares that her Manchurian subjects have been impoverished by the war, and she believes that restitution should be made to them. She takes the ground that Japan, as the victorious nation, should make good for the havoc which has been wrought by the war. China desires this subject to be taken up during the coming peace conference to be held in Washington. Outside of official circles, here, it is not believed there is much likelihood of Japan agreeing to recompense China for any loss. It is likely that she will take the ground that the complete restoration to China of Manchuria, which is one of the points on which it is understood Japan will hold out, in concluding peace, and the ousting of Russia from control of this region, will more than balance any losses China has suffered on account of the war.

Mimic War at Fortress Monroe.

Fort Monroe, Va., June 16.—Rear Admiral Dickins, commanding the "hostile" fleet, played the game of war to a finish here last night. While it cannot be stated that he won a victory over the supposedly impregnable land fortifications guarding the entrance to Hampton Roads, it now appears certain that when the signal to cease firing was given at Fort Monroe, at midnight, one or two of his vessels had managed to force an entrance to the roadstead without having constructively been put out of action. This fact is admitted by army officers, who today are speaking words of praise for the magnificant strategy displayed by Admiral Dickins.

The entire fleet under Admiral Dickins' command made a demonstration against Fort Monroe shortly after noon today. The fleet did not approach nearer than eight miles, but drew the fire from the mortar batteries at Fort Monroe.

Greason Acquitted.

Reading, Pa., June 15.—After having been under sentence of death, for over two years, Samuel Greason, colored, was acquitted in criminal court, today, of the murder of John Edwards, on motion of the District Attorney, who said he was unable to secure evidence against Greason, since Mrs. Edwards has exonerated him. A great crowd cheered the verdict, and hundreds shook Greason's hand. It was the end of one of the most remarkable murder cases in the history of the State.

Japan's Reply.

Washington, D. C., June 16.—The text of the reply of the Japanese government to President Roosevelt's identical note of June 8, suggesting the appointment of peace plenipotentionaries, was given out this afternoon by Minister Takahira as follows:

"(June 10, 1905,) The imperial government have given to the suggestions of the President of the United States, embodied in the note handed to the Minister of Foreign Affairs by the United States Minister on the 9th instant, very serious consideration of which, because of its source and its import, it is justly entitled.

"Desiring, in the interest of the world as well as of Japan, the establishment of peace with Russia on terms and conditions that will fully guarantee its stability, the imperial government will, in response to the suggestion of the President, appoint plenipotentaries of Japan to meet the plenipotentiaries of Russia at such time and place as may be found to be mutually agreeable and convenient for the purpose of negotiating and concluding terms of peace directly and exclusively between the two belligerent powers."

Rouvier to Retain Position.

Paris, June 16.—The official announcement has been made that Premier Rouvier has decided to retain the position of Minister of Foreign Affairs, made vacant by the resignation of M. Delcasse permanently. The selection of the new Minister of Finance to succeed M. Rouvier it is announced will be made tonight or tomorrow. France has asked Germany to explain what the exact bearing of the proposed movement on the Morocean question for which Germany recently sent out a note to all the powers would be before signifying what the answer of the French government will be to the proposal. The situation is considered as stained. Letters received by people living in Paris from soldiers serving on the French Frontier report that the feeling between the soldiers of the two nations runs high. There are constant conflicts, it is reported between the soldiers. In some cases pickets of the two countries have exchanged shots while on watch.

Train Wrecked.

Decatur, Ala, June 16.—The train bringing three negroes here from Birmingham, to be hanged, today, was wrecked at Boyle, just out of Birmingham. They will not reach here before one o'clock, and the negroes may not be hanged today. There is a large crowd about the jail, but quiet reigns. John Collier, Harvey Smith and Will Jackson are the names of the condemned men. The two first named criminally assaulted Miss Belle Bloodworth January 21, 1905, and Jackson shot and killed Sanitary Officer E. L. Steele at Decatur April 27, 1905.

Asphyxiated by Wine.

Cagliari, Sardinia, June 16.—Four men lost their lives here today, while attempting to descend into a huge wine reservoir, holding 50,000 gallons of wine. An employee who was first sent into the reservoir, was asphyxiated by the fumes rising from the wine. Two others who attempted to rescue their comrade, were likewise overcome. The proprietor of the place, then attempted to make the descent. He fell into the reservoir and was drowned.

New York Stock Market.

New York, June 16.—There was practically no feature to the trading during the first hour. Nearly all the room traders devoted their attention to Japanese bonds, especially the 4½s, which advanced from 92½ to 93.

Terrible Mistake.

Gustavus Laconia, who lives about one mile east of Luray, was shot and perhaps fatally wounded by Scott Rodgers, a neighbor, yesterday morning about 8 o'clock. Laconia, who is about 24 years of age, was awakened by one of his father's horses, which had gotten down in the barn. He started to the Rodgers home to get the latter to assist him with the horse. Rodgers, who had been troubled of late by thieves, was also awake, though in the semi-darkness could not recognize Laconia as he approached his house, and thinking him a burglar, called on him to halt. Laconia, who is somewhat deaf, failed to hear Rodgers and advanced to the house, whereupon Rodgers seized his gun and fired in the direction of Laconia, almost the entire load taking effect in the latter's chest and face. Rodgers is a son of W. H. Rodgers, superintendent of the poor of Page county, and is about 25 years of age.

Beldame Wins.

The peerless Beldame, one of the greatest race mares that ever stood on plates, carrying the colors of August Belmont, won the $20,000 Suburban Handicap, one mile and a quarter, at Sheepshead bay yesterday afternoon, after a spectacular race, in which the distance was covered in the fast time of 2:05 3-5.

A length and a half behind this famous daughter of Octagon and Bella Donna came W. B. Jennings' five-year-old Proper, by Prestonpans—Prim II, with C. E. Rowe's five-year-old First Mason, by First Mate and Manola Mason, taking third money five lengths away.

This was the twenty-second time the race has been run, and Beldame was the second mare to capture the classic.

Back in the ruck, after leading for a mile, James R. Keene's Delhi, the winner of the Brooklyn Handicap and a favorite, struggled home a very tired horse. Delhi and Beldame, both four-year-olds, carried equal scale weight and gave nineteen pounds to Proper, ten to First Mason, and chunks of weight to all of the others.

Beldame was sent to the post fit to run for her life. Trainer Fred Burlew had her keyed up to concert pitch, and said before the race that if the mare did not win there would be no use to keep her in further training. With victory within her grasp and a Suburban added to her long list of laurels, Beldame, barring one or two future engagements, including the Saratoga Cup, will be raced in a moderate way prior to her retirement to the stud, where Mr. Belmont said yesterday that she would be bred to the famous stallion Meddler,

Virginia Democratic Committee.

In Richmond last night the State democratic committee fixed Tuesday, August 22, as the date for the State primary, and imposed the following assessment upon each of the several candidates: For governor and United States Senator, $1,500 each; attorney general, $500; treasurer, $300; secretary of the Commonwealth, $200; superintendent of public instruction $200; lieutenant governor, $100, and commissioner of agriculture, $200. These assessments, which exceed $9,000 in the aggregate, were levied at the close of an effort on the part of Congressman W. A. Jones to prevent any cost being assessed against the candidates except for the poll books and ballots.

Mr. J. Taylor Ellyson, when the committee met, was not present, but sent in a letter offering to resign his seat because of his candidacy for the lieutenant governorship. The committee, however, gave him a unanimous vote of confidence and sent a committee to escort him in. He agreed to remain chairman.

The Norfolk county committee settled to the satisfaction of all concerns.

T. J. Downing, of Lancaster, was elected to fill the vacancy on the committee caused by the death of Lloyd Smith, of Westmoreland, and Manly H. Barnes, of New Kent, to fill the vacancy caused by the resignation of Simon Solomon, of Henrico.

The Eighth district was represented at the meeting by George S. Shackelford, J. B. McCabe, Gardner L. Boothe, Thomas H. Lion and Grenville Gaines.

Penny Hill Burying Ground.

In different countries and in all ages the manner of disposing of the human body after death has been many and varied. Universally a due regard of health and comfort has pointed out to mankind the propriety of moving out of sight the dead bodies of their fellow-creatures, high or low, rich or poor. In performing the sad act certain solemnities are considered as a natural tribute of respect from the living to the dead, combining as they do a devotional feeling along with a sense of necessity and decency. From biblical records it is clearly shown that burial was considered by earliest mankind as an object of highest importance. Genesis states that Abraham purchased the field of Machpelah and the cave that was therein for a burying place; yet we forget.

Local records inform us that the good citizens of Alexandria purchased or obtained a burial place and gave it the significant name of Penny Hill, and provided that most important adjunct, a board of trustees, to care for its sacredness and maintain decently its existence. The writer does not know the condition of Machpelah, but he does know that of Penny Hill, and if those whose duty it is to act as trustees will cast from themselves all fear of snakes, coons, opossums, vicious rabbits, etc., and attempt to penetrate the entangled growth of promiscuous vegetation there flourishing, they will find that they have undertaken an impossibility, and may be convinced that the neglect of a number of years may be remedied in a very great measure by a judicious expenditure of fifty dollars. Our worthy mayor or city authorities should look for themselves into this matter, and have abated at once a fruitful source of criticism, or, let us say, thoughtless neglect, which others have classed as a "crying shame." Grand Jury and Police.

The grand jury of the Corporation Court which has been investigating certain allegations against the police force, as well as charges concerning the alleged sale of liquor and cocaine without a license and the sale of intoxicants to minors, last night submitted the following report of their findings to the court:

To the Honorable Judge of the Corporation Court:

The grand jury now sitting presents the following report:

Sunday violations—No evidence has been adduced to show the violation of Sunday laws by licensed liquor dealers.

Violation of the revenue laws—The commissioner of revenue appeared before us, and from his statement at this time there are no violations of the revenue laws.

Sale of liquor to minors—A report having been made that a dealer was selling to minors, evidence was heard which showed that he had been giving beer to an errand boy.

Adulterated and misbranded food—We have heard no evidence showing the sale of adulterated or misbranded food.

Speakeasies and cocaine fiends—After closely examining all witnesses we feel confident that speakeasies exist and thrive and the sale and use of cocaine is growing to an alarming extent.

Idle men and women—We also recommend to your consideration the number of men and women, both white and colored, who loaf around corner groggeries without visible means of support. They should be made to work or forced out of the city.

The police department—The evidence of the entire department shows the existence of prejudice, bickerings and insubordination, resulting in general inefficiency. To correct this apalling condition we recommend an interpretation, in writing, by your honor defining the duties of the Mayor and the Commonwealth's Attorney, this because of recent conflict of opinion. We further recommend an absolute reorganization of the force, believing, as we do, that nothing satisfactory can be brought from the present chaotic organization. In our judgment young, actively industrious and intelligent men are needed. With such material a more efficient body will protect the dignity of the law, life and property of our citizens.

WORTH HULFISH, Foreman.

The grand jury was composed of Messrs. B. Baer, jr., Worth Hulfish, Henry K. Field, W. E. Bain, R. E. Knight, J. Y. Williams, E. E. Lawler, George D. Hopkins, E. M. Anderson, L. Stabler, and S. E. Lindsey.

They jury returned the following indictments: Commonwealth vs. Harry McLearen, for promoting, managing and drawing a lottery for money; Commonwealth vs. Frank Sheppard, for a similar offense; Commonwealth vs. Charles Tyler, for selling liquor without license, and Commonwealth vs. Richard O. Burnett and Maggie J. Burnett, for similar offenses.

Judge Barley, in his written definition of the powers and duty of the Commonwealth's Attorney, the Mayor and members of the police force will simply call attention to the fact that all State officers are required to vie with the Commonwealth's Attorney by securing information against offenders and promptly furnishing him with the same. This, it is said, has not always been the case, as was charged last winter by Mr. Brent when engaged in prosecuting Richard Burnett, adjoining whose premises two barrels of stolen whisky had been found. Several policemen on that occasion were witness for the defense. Judge Barley ever since he was called upon to preside over the Corporation Court has been diligent in his efforts to bring all offenders to justice, while Mr. Brent as Commonwealth's Attorney has worked assiduously to the same end. The judge, it will be remembered, in his charges to the grand jury has invariably directed their attention to certain forms of lawlessness in Alexandria. It has been charged that the police force has not proven to be the auxiliaries to the court as was naturally expected, and it is further observed that the Commonwealth's Attorney furnished 75 per cent. of the testimony placed before the present grand jury.

River Notes.

The deepening of the water in the river channels between this city and Washington has been finished under the present appropriation, it is stated, but will be resumed next spring, when additional money is available for the work. The big endless chain bucket dredge Kennedy, which worked on the river between this city and Washington for several weeks in the early spring, has completed the work about Marshall Hall, and, in tow of the tugs Sarah and Uncle Sam, has been taken back to Baltimore. The scroop dredge Baltimore, which has been employed off Clifton Beach, has also completed her work and will be taken back to Baltimore within the next day or two.

The collier Caesar, which anchored off Alexanderia Wednesday afternoon, has attracted much attention. The Caesar is one of the largest vessels that has ever ascended the Potomac, and as the visits of large ocean steamers to this port are few and far between, she has naturally been viewed by many.

C. E. Crown appeared at the station house last night and said he had been robbed of about $12. According to his statement, he had been riding between this city and Washington on electric trains, having made several trips. He claimed he had thirty-odd dollars on his person and a number of electric railway tickets when he began to make the trips, and that later upon taking an inventory he found he was minus $12 and that instead of railway tickets he had four river excursion tickets. Officer Roberts went with Crown and made an investigation, but failed to ascertain anything definite concerning his assertions.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I than God for so valuable a medicine." For sale by Gibson & Timberman and W. F. VIRGINIA BANKERS.

With President W. M. Habliston presiding, the Virginia Bankers' Association began its twelfth annual session in Richmond yesterday. President John B. Purcell, of the First National Bank, and Mayor McCarthy welcomed the delegates to Richmond, and Carter Bishop, cashier of the National Bank of Petersburg, responded. In the course of his remarks he contrasted present conditions with those of 40 years ago and called attention to the fact that the State's assessed values are increasing at the rate of $20,000,000 a year.

Encouraging reports were submitted by the president, secretary and treasurer. That of the president shows that the banking business in Virginia was never in better condition. Mr. Habliston gave the total number of banking institutions in Virginia as 246—162 of which are State banks and 84 national. The latter have a capital of $7,804,000, with a surplus and undivided profits of $6,507,000 and deposits of $49,223,000. The capital of the State banks is $8,813,000, undivided profits $5,000,000 and deposits $37,600,000. Virginia's banking capital is over $16,000,000 and deposits nearly $100,000,000. Mr. Habliston especially warned the bankers against the influence of large stockholders who are borrowers. "Nothing but the value of collateral or merits of the loan should be the basis of credit," he said.

Yesterday afternoon Mr. R. T. Barton, of Winchester delivered a most interesting address "on an ante-bellum banking incident."

Secretary of the Treasury Shaw will reach Richmond today and will be the principal speaker at the banquet tonight.

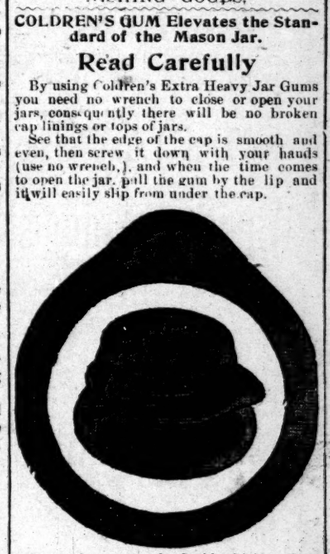
COLDREN'S GUM Elevates the Standard of the Mason Jar.

Read Carefully

By using Coldren's Extra Heavy Jar Gums you need no wrench to close or open your jars, consequently there will be no broken cap linings or tops of jars.

See that the edge of the cap is smooth and even, then screw it down with your hands (use no wrench,), and when the time comes to open the jar, pull the gum by the lip and it will easily slip from under the cap.



These rings are made double-thick and of an A-1 quality, hence we guarantee they will stay in position under the edge of the cap when placed in use, which is not the case with many of the cheap and thin cut goods. Try them and you will be convinced.

WATCHES AND JEWELRY

Acton Precision Watch

Is not the cheapest, but is by far the least expensive.

This is a deliberate statement of fact—not a puff of advertising. Some day not far off, those who are now buying cheap watches will recall our statement and admit that we spoke the truth; for they will then come to see that it is more expensive to buy the cheap watch with an empty guarantee than to secure the best in the beginning by paying a trifle more.

Our special 12-size watch sale ends Saturday. $25 Watch, $18.50. Fully guaranteed.

FRIDAY EVENING, JUNE 16, 1905.

Mayor Weaver's Crusade.

There were highly interesting developments yesterday in Mayor Weaver's crusade for good government in Philadelphia. The fight against the trolley franchises is, for the monument, forgotten in the light of what developed at the hearing of Select Councilman Frank H. Caven, who is charged with violating his councilmanic oath by being interested in city contracts. During the hearing it was shown that Insurance Commissioner Israel W. Durham, the leader of the republican organization in that city, is a partner in the McNicol firm of city contractors.

It was also shown that while James P. McNicol, who is now a state senator and one of the local republican leaders, was in city councils the McNicol firm consisted of Durham, Mrs. James P. McNicol, John M. Mack and Daniel J. McNicol, a brother of James P. McNicol. It was also shown that after James P. McNicol left councils his wife withdrew from the firm, and that her place was taken by himself. Other evidence of a sensational character was to the effect that a secret agreement existed between councilman Caven and his father, trading as James Caven & Son, and another firm in which they agreed that no contract shall be entered into by either of the parties with the McNicol firm or other firm doing work on the city's filtration system without the written consent of both parties.

As a result of what developed at the hearing, Mayor Weaver late yesterday accepted the resignation of John P. Hill, chief engineer of the bureau of filtration, and also that of his son, Henry W. Hill, who was assistant to his father. The resignations were sent to the Mayor, to take effect June 30, but they were accepted to take effect immediately. Chief Hill was the highest salaried official in the city, his compensation being $17,000 a year.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle, with chronic stomach and liver trouble, but at last I won and by the use of Electric Bitters. In unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold, under guarantee to do the same for you, by E. S. Leadbeater & Sons, druggist, at 50c. a bottle. Try them today.

AUCTION SALES.

IMPORTANT! RARE OPPORTUNITY!

SALE OF DESIRABLE LOTS, PARCELS AND TRACTS, SOME IMPROVED WITH HOUSES AND OTHER BUILDINGS, AND OTHERS UNIMPROVED BUT SUITABLE FOR BUILDING AND OTHER PURPOSES, AT

POTOMAC CITY, Quantico, VA.,

MONDAY, JUNE 19, at 1:30 p. m.

TAKE NOTICE—The sale is to take place at Potomac City, NOT AT MANASSAS. Sale was originally advertised for Manassas, but has been postponed to June 19th in order that it may take place AT POTOMAC CITY, where property is situated.

BY VIRTUE OF A DECREE OF THE Corporation Court of the city of Alexandria, Virginia, rendered on the 7th day of November, 1904, in the chancery cause of Solomon Myers and Isodore Myers, executors of Lewis Myers, deceased, vs. Max Lansburgh and others, the undersigned special commissioners of sale, will on

MONDAY, JUNE 19, 1905,

at 1:30 p. m., at POTOMAC CITY (QUANTICO), VA., sell at public auction so much of the right, title, interest and estate of the defendant, Max Lansburgh, in and to that valuable and extensive domain situated in the county of Prince William, State of Virginia,

FRONTING ON THE POTOMAC RIVER, AT POTOMAC CITY (QUANTICO), VA.,

described as containing 4,264 acres, more or less, and bounded on the north by Quantico creek, on the south by Chappawamsic creek and on the west by the telegraph road, together with all rights and appurtenances there to belonging or in any wise appertaining, as may be necessary to satisfy the amount of the said decree in favor of the plaintiffs against the said Max Lansburgh; to-wit, the sum of $2,741 77, with interest on $2,473.66, part thereof, from March 6, 1900, and on $268.11, the residue thereof from October 4, 1901, until paid, and the costs of this suit and of sale.

Terms of Sale—One-third of the purchase money in cash on the day of sale and the residue in two equal installments at six and twelve months from the day of sale, the deferred installments to bear interest at the rate of six per cent. per annum from the day of sale until paid, and the title to be retained until the full payment of the purchase money. The purchaser or purchasers may at their option pay all in cash. All conveyancing to be at the cost of the purchaser or purchasers.

Although the holdings of defendant, Max Lansburgh, are subject to the contingent dower right of his wife in the equity of redemption, and subject also to the rights of W. A. Wimsatt under a certain agreement bearing date February 9, 1904 and March 4, 1904, respectively, and the deed made in pursuance thereof, recorded among the land records of Prince William county in liber 52, page 323, and consequently, should it be necessary to sell the entire holdings of Mr. Lansburgh, the sale would have to be subject thereto; yet the commissioners will be in a position to give good titles to individual lots, parcels etc., without encroaching upon the bulk of the domain, because, in the first place, resort would after such sales have to be made in respect of said contingent dower interest to the remaining bulk of the domain thus relieving the individual lots, parcels &c. and, in the second place, the rights of W. A. Wimsatt are expressly subject to a release by him of his liens when individual lots, parcels etc., without encroaching upon the bulk of the domain, and without interference with his timber cutting, are sold.

In conducting the sale, therefore, the commissioners will first proceed to offer individuals lots, parcels etc, as follows:

Church and schoolhouse together with half acre of ground;

Two 2-story 7-room dwellings, very desirable;

Four 1-story dwellings, containing, respectively, 2, 3 and 4 rooms;

One store-building, one story;

An exceptionally large 2-story dwelling in addition to the the two already mentioned;

One combined stable and barn;

Numerous valuable building lots;

"M. Turner Tract" of 32 acres;

"T. Turner Tract of 40.25 acres:

"Dowell Tract" of 40 acres;

"Maddox Tract" of 48 acres;

"Downer Tract" of 57.75 acre;

"McNair Tract" of 70.12 acres; etc. etc.

This is a great opportunity to buy homes and build homes in the eastern section of the county, with excellent railroad facilities, and all the advantages of the water facilities afforded by the Potomac river which are the more available at Potomac City on account of the depth of the channel at that point.

JAMES R. CATON,
J. B. T. THORNTON,
Commissioners of Sale.

I, John S. Beach, Clerk of the Corporation Court of Alexandria, do certify that James R. Caton has executed bond with approved surety as required by the above decree.
